How To Get The Most
For Your Money
In Evergreens!

Dear Friend and Tree Grower:

Here is our Spring Wholesale Price List featuring America's
LOWEST PRICES for hardy, Guaranteed-to-Live Evergreens.

Up until the moment this went to press, I thought we would be compelled to raise the prices on most varieties because that drouth we had in New England last year raised Ned with our plans. But Harold and I put our heads together, sharpened our pencils - cut corners out of expenses here and there - and so we've been able to maintain our LOW PRICES for a while longer.

No telling though, how much longer, so it will be to your profit and advantage to get your Spring order in right away.

For almost a quarter of a century folks have been getting their "money's worth" with Western Maine Forest Nursery Trees. Conservationists, Timber Operators, Christmas Tree Growers, and tens of thousands of home owners know that the Western Maine label means strong, sturdy, well-rooted Trees that quickly "take hold" in 'most any soil and thrive under some of the toughest of weather conditions. Our Trees are growing in every part of the United States. There's no unnecessary risk or investment loss because Western Maine Forest Nursery Trees are backed by the most liberal GUARANTEE in the nursery field.

Our low wholesale prices spell out O-P-P-O-R-T-U-N-I-T-Y for you... your opportunity to have unequalled bargains in top-quality Evergreens. Though we grow millions of Trees a year, most of them are spoken for in advance. From the way orders are already coming in, many varieties may be "cleaned out" before our digging season starts. We'll do our best to give you the very Trees you want, but ask that you give us a second choice on all orders.

Check your needs now, and then write in the kinds and quantities wanted on the enclosed Order Form and mail with check or money order. Terms are cash, but we'll ship C.O.D. if you enclose one-half cash with your order with the balance C.O.D.

Send me your order without delay while I still have the Trees you want.

Sincerely yours,

The Living-Tree Nurseryman
